Enthusiastic and driven college student with a strong interest in technology, seeking an internship or entry-level position to gain hands-on experience in the rapidly evolving industry. With a keen interest in web/software development and a willingness to explore various facets of technology including help desk and technical support, I am eager and motivated to apply my skills in a dynamic work environment. Able to quickly learn new skills and technologies. Committed to learning and adapting in a collaborative tech environment while making a meaningful impact on the organization's goals.
